## Founder's legacy

Almost 17 years ago I stood in front of the women's refuge on the Sunshine Coast, about to step into a world that would change my life's direction. As far as I know, on that day I became the first man in Australia to run a women's refuge, but it was what happened next that impacted me the most.

I walked inside, to find fifteen kids and five mums living there, that meant 75% of the people in the women's refuge were not women at all, they were kids. Year on year since then that hasn't changed. I suspect it's true of refuges right across Australia. The next thing I learned back then was that virtually every mum in the refuge grew up in a violent family meaning that most of the kids in the refuge are at least the third generation in their family to grow up in domestic violence.

I decided to do something about it, so I started SunnyKids and turned to the community for help. Since that time a significant number of kids have taken part in SunnyKids programs across Australia. On the Sunshine Coast we've provided in excess of 100,000 nights' accommodation and supported over 10,000 vulnerable local kids and parents/carers. Whilst we averaged supporting 500 people a year for the past 17 years, 2018-19 saw our biggest and brightest impact ever, raising more money and delivering more services than ever before by supporting over 1200 vulnerable locals.

17 years ago, I never dreamt so much could be achieved. But there is still so much more to do. To fulfill SunnyKids mission, services need to increase five fold - and that's no mean feat. There is only one way it can be achieved and that is simply for each and every one of us to take our share of the responsibility. It's been said that

the mark of a healthy community is its ability to care for the children, the elderly, the sick and the needy.

Whilst I no longer have an operational responsibility at SunnyKids, I remain steadfast in my belief that 'it takes a village' to raise a child and with over 1,000 Sunny-Coasters now part of the SunnyKids Village. I know my vision 'that every child on the Sunshine Coast who needs help can get it' is achievable in my lifetime, even if not in my time as CEO and I look forward to seeing a new leadership emerge at SunnyKids; one that I'm sure will continue to deliver bigger, brighter and better things for our community.

**Chris Turner**  
Founder & former CEO SunnyKids

# Our reason for existence

The Sunshine Coast community identifies up to 5,000 vulnerable and at-risk children every year. When children and families need help, they present to SunnyKids via self-referral, referral by schools, community agencies or statutory authorities, with the most prominent issues being domestic and family violence, mental health and substance abuse.

Through our own resources and programs as well as in partnership with government, private and community sectors we take a wholistic approach to solving problems.

SunnyKids is able to identify what a family needs and where to find the right services to deliver positive, life-changing solutions.

Issues can be complicated and the systems complex, but our Service Delivery team knows how

## SunnyKids connects people and coordinates services for vulnerable Sunshine Coast families in order to make meaningful change.

to navigate the network to support families with their immediate and ongoing needs. Including but not limited to emergency accommodation, psychology services, school support systems, legal and police support, literacy programs, relocation services, health and wellbeing, financial support, mentors and more.

SunnyKids is here to make sure those who need help can get it and emerge stronger, happier and healthier into their own new support village.

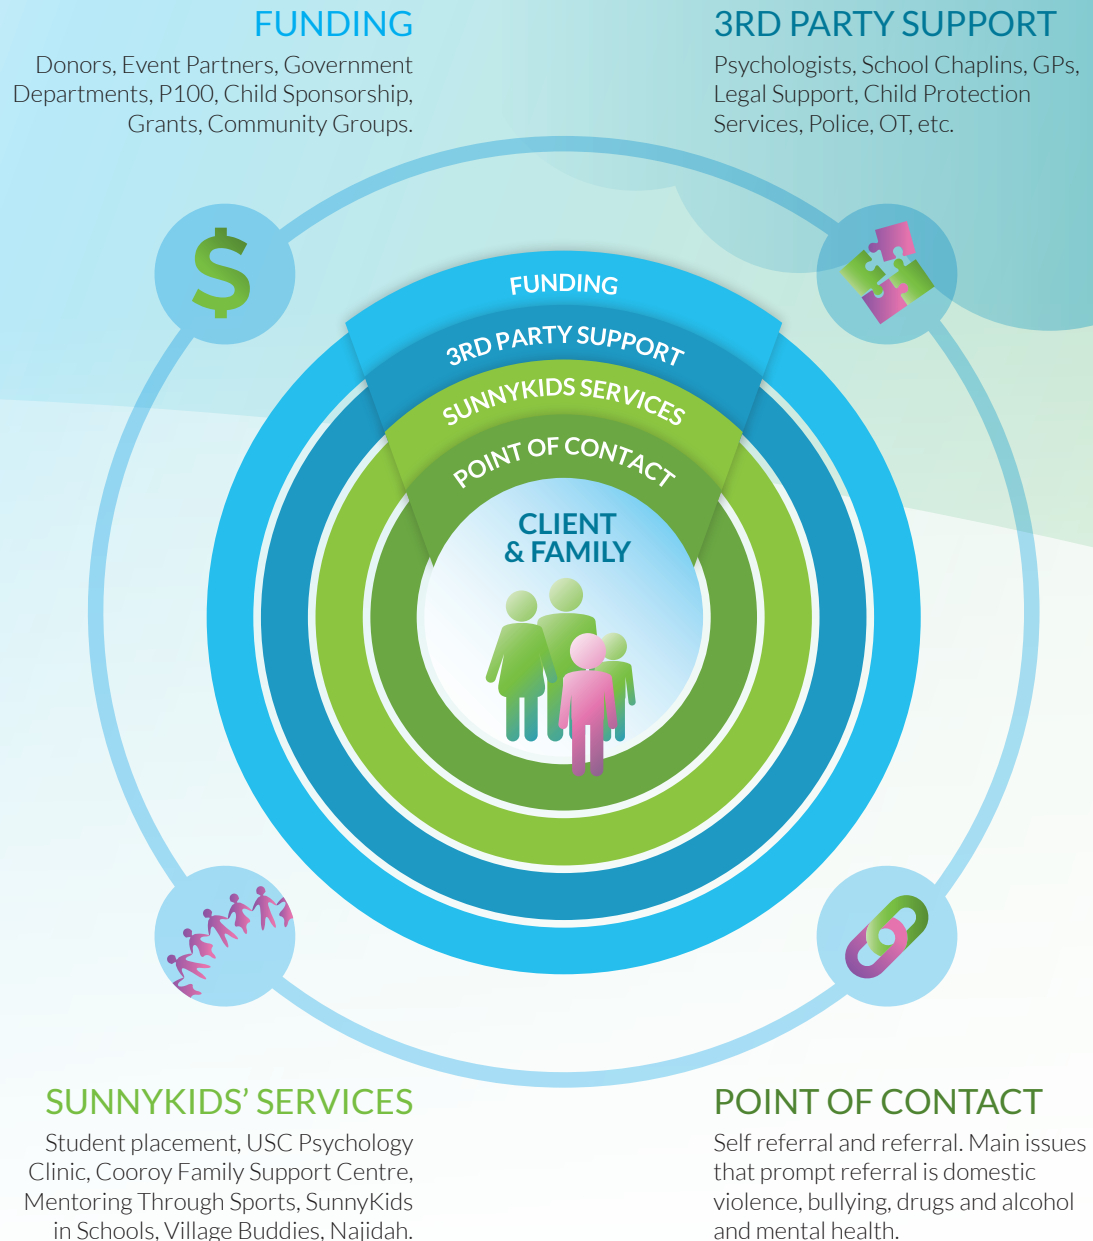

Our underlying, driving belief is that any issue is not the child's problem to fix, nor is it the family's or society's problem alone.

We believe it takes a village to provide the right environment for children to thrive and we are grateful for the support of generous Sunshine Coast residents, businesses and groups who donate funds, time and resources to enable SunnyKids to provide the greatest impact possible.

# Our village

By connecting people and coordinating services we create a support village where families can reach their full potential.

# SunnyKids' 5 keys to wellbeing

At SunnyKids, we provide a social and emotional safety net for children, young people and their families through our award winning “Virtual Village” practice model.

Through our partnerships with the Department of Child Safety, Youth and Women; and the Department of Housing and Public Works, we also provide thousands of nights of emergency accommodation, and domestic violence counselling and family support.

SunnyKids also delivers a suite of programs to support children and their families which are made possible with the support of our partner schools and over 200 community agencies and practitioners that we work with to support vulnerable children and their families. When children, young people, families and communities work together – great change can be achieved.

Such change requires a community solution in which everyone takes responsibility and works together, empowering us all.

The SunnyKids Virtual Village uses five key areas to identify and secure the support that at-risk children, young people and families need to overcome issues and be their best. Each of these areas are important as they mesh to ensure a child's wellbeing.

The presenting issues and required support services for the children and families assisted by Sunnykids in 2018-19 were:

# How we help

## COOROY FAMILY SUPPORT CENTRE

At the Cooroy Family Support Centre we support women and children who have experienced domestic and family violence. This can be in the form of historical experiences or current significant safety concerns. Through strategic case management, staff assist service users to identify and respond to 5 key areas of concern in order to have the opportunity to live a life free from violence and recover from trauma.

We believe that by addressing issues such as homelessness, substance use and mental health concerns to name a few, individuals are more likely to have safe and nurturing relationships, good health and wellbeing, be successful in education, feel culturally connected and have economic stability. This is achieved through referral pathways to relevant specialist services, onsite counselling, safety planning, risk management, case coordination and wellbeing workshops.

The significant impacts of domestic and family violence cannot be underestimated and the plethora of intersecting barriers and considerations can often become so overwhelming and difficult to navigate that further harm and dysfunction can follow.

With the support of the team at the Cooroy Family Support Centre, women and children can engage with advocacy and support to increase their capacity for wellbeing. This leads to empowering choices and better positions people to choose healthier relationships in the future, interrupting intergenerational trauma and abuse.

## Danielle's story

Danielle and her husband supported their son and daughter-in-law financially to obtain their own property but due to family breakdown, her son was facing divorce. Because of financial structures and legal matters, Danielle and her husband were forced to sell their own property and the son's property and they were left with almost nothing.

Due to her son's residency status and needing to care for his two young children he wasn't able to financially support his children. This meant that Danielle's husband needed to return to work to support their son and his two young children financially.

Danielle was initially referred to SunnyKids for counselling support. Danielle and her son were also able to, by referral, receive financial counselling and legal advice.

The SunnyKids team worked with Danielle to implement a number of strategies that assisted the family to lighten their financial struggles. Danielle and her son were also referred on for ongoing therapeutic counselling.

Danielle feels an enormous sense of relief and support just knowing SunnyKids are here to listen and guide.

Danielle has been so inspired that she would like to volunteer in the future so she can contribute to her community in the same way.

## Isobel's story

Isobel and her 10-year old son sought out refuge support with our Najidah Refuge after fleeing a long term domestic violence situation. They had experienced physical, verbal and emotional abuse which also involved heavy drug use.

Despite leaving the toxic environment with her ex-partner, Isobel still faced a number of issues; a real estate dispute, family law court initiation and debt

reconciliation. SunnyKids were able to assist Isobel with a Department of Housing application, and referred her to Suncoast Community Legal and Relationships Australia as well as connecting her with local emergency relief agencies.

Isobel was offered a transitional house for 12 months and through community partnerships, SunnyKids were able to assist with organising a removalist and sourced basic essential needs, bedding, fridge and kitchenware for Isobel and her son.

SunnyKids identified that the historical trauma experienced by Isobel's son warranted therapeutic

support and linked him with the onsite USC Psychology Clinic to receive ongoing therapy. Isobel was also engaged in Dr. Bob Jacobs's workshops to support her with effective parenting strategies; she also participated in the children's programs on site to enhance her relationship with her son.

While Isobel and her son are doing well, SunnyKids will continue to support her and her son over the next 12 months to ensure they reach their full potential.

## NAJIDAH

Year after year SunnyKids supports women and children who have experienced heartbreaking and debilitating abuse.

This support is provided with accommodation in a refuge setting. It can be hard to imagine what it looks like in a refuge.

Many families come to us with nothing more than a bag of clothes. Children who are torn away from their homes, schools, friends and community.

SunnyKids works hard to engage community partnerships who provide essential items like clothing, hygiene products and school books.

A fresh start often comes with a heavy price and the Sunshine Coast Village rally together to lend a hand without ever seeing who the recipients are.

SunnyKids in partnership with State Government and the Department of Child Safety Youth and Women provided 9595 nights of accommodation to 30 women and 79 children during the 2018 – 2019 financial year.

## MENTORING THROUGH SPORTS

SunnyKids and the Brisbane Broncos collaborate to deliver the Mentoring Through Sports program in Sunshine Coast schools, with former Broncos player Jack Reed (Broncos/Sunshine Coast Game Development Officer) facilitating the program.

These schools select 10 children (male and female) who identify as at risk of disengagement. This can present as social and emotional challenges, self-esteem issues, confidence/lack of confidence, risk taking behaviours and absenteeism including academic delays.

These 10 children will be part of one group who will participate in a sporting program with a difference. The main focus and messaging within MTS is to deliver 8 sessions onsite with a focus on 3 key areas –

- **Healthy Relationships** – identifying respect in communication including social media awareness.
- **Core Values** – promoting an understanding of “Self and Health”.
- **Physical development and health** – clearer understanding of mental and physical health and wellbeing.

SunnyKids staff attend a number of sessions to assist with any relevant support needed for both facilitators and children. Where appropriate families may benefit from additional case coordination support and this may be facilitated by SunnyKids.

This program has had enormous success to date in a number of schools across the Sunshine Coast.

Common themes gathered through evaluation from students and teachers include:

- **Increased sense of self-worth and confidence.**
- **Healthy management of anger and conflict.**
- **Better understanding of health and nutrition and wellbeing.**

“We are aiming to reach many children across a large number of schools on the Sunshine Coast in the coming years. SunnyKids works tirelessly to raise funds required for delivery.”

Kathleen Hope, Service Delivery Manager

## Jordan and Simon's story

Jordan and his son Simon were referred to SunnyKids through our SKIS program. Simon was demonstrating challenging behaviour at school including sexualised behaviours and aggressive threats to staff and students.

The SunnyKids team engaged with the family and found they were facing homelessness as well as needing legal

support in Family Law court matters relating to another child. There was a history of trauma, relationship issues, domestic violence and substance use.

The relationship between Jordan and Simon was positive and it was evident that there was strong attachment and love. However, Jordan was struggling to place age appropriate boundaries on Simon and the legal distractions were prompting Jordan to return to substance use.

Through strategic case management, the SunnyKids team supported Jordan and Simon to find accommodation and apply for legal aid. The legal aid

application was successful, resulting in progressive planning towards Jordan being reunified with his other child.

Also as part of their case planning, the SunnyKids team were able to arrange Mental Health Care Plans for Jordan and Simon to begin therapeutic support in the home and at school. The transition in Jordan's mental health and wellbeing has been phenomenal.

Jordan has also engaged in programs to assist in managing his substance use. At present Jordan and Simon are developing their relationship and trying to include fun again!

### SUNNYKIDS IN SCHOOLS (SKIS)

SunnyKids aims to break inter-generational cycles of poverty and disadvantage, providing the hope and resilience necessary to move forward, both as individuals and as a society.

SKIS supports children with social/emotional barriers to education through school based capacity building, asset based community development and service co-ordination.

SKIS links schools, families and support service systems to provide practical, needs based responses to

the issues faced by families; thereby ensuring children have an opportunity to reach their full potential in their education.

The SunnyKids SKIS program is a value add to the comprehensive student support services currently in partner schools. By working together we can address and reduce the potential for disengagement from school and build capacity for families to prioritise educational needs.

SunnyKids provides a range of specialist support and intervention programs working closely with other non-government and government agencies.

SunnyKids are committed to providing opportunities in accepting environments for children, young people and families and supporting them to build capacity to navigate challenges and manage their own lives.

Please note that names and personal details of the persons profiled in this section have been changed to protect their privacy.

# A foundation you can trust

## WHERE DOES THE MONEY COME FROM?

\*Frontline hours include service delivery, volunteer and student hours, education & employment services and Village Buddies.

# Financials

The 2018-19 year has resulted in another wonderful year with our ability to deliver key programs to children in need held true by stable grant funding and importantly the incredible generosity of the local community.

The 2018-19 year saw the local community donating in excess of \$512k, growing 13% from FY18, through both direct donations and attending some of our most successful fundraising events ever held. I would sincerely like to extend a thank you to the many P100 members who have continued to support SunnyKids through donations of almost \$90k for the year, allowing SunnyKids to continue to keep the doors open to the many children throughout the region desperately in need.

With over 53% of net income derived from Service Delivery grants, we provided almost 10,000 nights of accommodation throughout the year. Our grant funding income stream as a percentage of total income decreased to 53% from 55% in FY18, off the back of the amazing support through donations from our local village of both business benefactors and individuals.

With the \$1.29m of net income we have been able to continue our ability to remain committed to delivering programs like Mentoring Through Sport and Village Buddies which have shown great success and focus on the

5 main factors we identify as critical to allowing children the ability to thrive in life being: Success in Education, Access to Good Healthcare, Safe and Nurturing Relationships, Cultural Connectedness and Financial Stability.

SunnyKids has also increased the number of women and children supported through the year with 62%, or \$782k worth of value to those in need through direct service delivery initiatives. This is an amazing amount of value increasing almost \$100k, or 15% from FY18. Despite this increase in service delivery activities our administration costs, fundraising and marketing remained stable increasing only 4% from FY18 totalling \$486k, or 38% of total expenses.

As we progress into the new financial year ongoing partnerships both State and locally based remain key, and we are excited by our partnership with the Brisbane Broncos continuing to deliver Mentoring Through Sport programs to local schools into the new financial year. We are also continuing to maintain our focus on operational excellence through FY20 building on the platforms developed through the 2018-19 financial year allowing our team to spend time on key activities which deliver the greatest benefit to those children in need.

**Victor Woll**  
Treasurer SunnyKids

I would like to thank our key Platinum, Gold, Silver and Bronze partners for their continued support both financially and through the donation of time and energy. Without this, SunnyKids would not be able to maintain the truly valuable services to the kids of the Sunshine Coast.

Lastly, I wish to extend my thanks to my hard working fellow Board Members once again, as well as the amazing team at SunnyKids who strive to continually improve the operational excellence of the organisation. Following the brilliant work done throughout this year, we are yet again in a fantastic position to continue developing the programs allowing our Sunshine Coast children who are in need and have not yet received the assistance they require, access to support, care and encouragement.

Our vision is a Sunshine Coast community in which everyone feels safe, belongs and has the chance to reach their full potential.

# From our Patron

We know it takes a village to raise a child and I'm proud to see the coming together of our village to help make meaningful changes in the lives of those who need it most.

Working towards "A society in which everyone feels safe, belongs and has a chance to reach their full potential," the SunnyKids team work tirelessly to deliver much needed, meaningful programs and services to disadvantaged families across the Sunshine Coast.

I believe a strong and happy community is the foundation of a thriving region and everyone has a part to play in delivering the right environment, culture and conditions to enable the cohesion and wellbeing of all. The work SunnyKids does is an important support for the vulnerable and disadvantaged children and families in our region, which in turn, helps to strengthen our entire community.

As the Sunshine Coast continues to attract more people to visit and live, the connectedness and resilience of our community will be as important as ever.

Through its programs and partnerships, SunnyKids has supported an increased number of children and families this year. However, it's the unwavering determination of the SunnyKids team to find real solutions that makes me particularly proud to be the Patron of this organisation.

Through these efforts some wonderful stories have emerged and, where possible, SunnyKids has shared these publicly to act as a beacon for others in need. These stories are, for me, the highlights of the signature events held by SunnyKids to raise important funds to see their work continue.

The 2019 SunnyKids Mayoral Ball saw over 400 guests attend the new Sunshine Coast Convention Centre at Novotel Sunshine Coast and witness a heart-warming SunnyKids success story from the Mentoring Through Sports program in partnership with the Broncos.

The ball was a success on many counts and will be fondly remembered for years to come by those in attendance, but its future impact is what it should be praised for - supporting another 114 children through Child Sponsorship which will assist with delivering the Mentoring Through Sports sessions, continuing to run the SunnyKids in Schools program, Village Buddies program and keeping the lights on at SunnyKids.

The support of the Sunshine Coast community for the signature events, regular donations and volunteer hours make all this possible and I'd like to acknowledge the incredible contribution of over 100 local businesses, over 200 local suppliers and dedicated sponsors who choose to back SunnyKids.

**Mark Jamieson**  
Mayor, Sunshine Coast Council

# From our President

Children who grow up witnessing, being exposed to or who experience domestic and family violence can live a life that is unpredictable, filled with tension and anxiety, and dominated by fear.

Instead of growing up in an emotionally and physically safe, secure and nurturing environment – some of the key pillars of a child's wellbeing – these children grow up experiencing worry and fear. They try to predict when they might next be in danger and try to protect themselves and their siblings.

Often, getting through each day is the main objective so there is little time left for fun, relaxation or looking forward to the future; you know, being a kid!

Additionally, children of mothers experiencing domestic violence have higher rates of social and emotional concerns than other children. Bearing this weight on their shoulders impacts all facets of a child's life, including their ability to achieve success in education.

As one of the most prominent presenting issues for families supported by SunnyKids, with more than 66% of all children connected with SunnyKids affected; addressing domestic violence is high on our agenda.

While these and many more issues faced by members of our community is devastating, what warms my heart is to know that the work SunnyKids does is making a difference.

It has been an honour and challenge to have been the President of Sunnykids for the past 12 months. I look back at what SunnyKids has achieved in the last financial year and I am humbled to be a part of that. Each day we are working towards our vision in which everyone feels safe, belongs and has the chance to reach their full potential.

The service delivery team are our front line; supporting over 1,200 children, families and individuals through its eight programs and refuge accommodation programs, and facilitating support through our vast network and strong relationships with many key service providers. I am constantly in awe of the work they do.

Supporting the strategic direction and community engagement of SunnyKids is the incredible board that I get to work with. Each an expert in their field offering invaluable insight and recommendations to see SunnyKids and our community thrive. I thank each of you for your dedication to the vision.

The Sunshine Coast Community gave in excess of \$250,000 this year over our three signature events – the BOQ Maroochydore Golf Classic, the Travis Schultz Wine Makers Master Class backed by NAB and the SunnyKids Mayoral Ball. Plus, the support of our P100 Members and Child Sponsors together with volunteers and the event fundraising enabled the delivery of more programs and support to reach more people in need in our community. We could not have achieved what we have this year without the support of the community.

As the Mayoral Ball Committee Chair, I recently had the pleasure of working first-hand with the Business Development team in the delivery of our 4th Annual SunnyKids Mayoral Ball that saw more than 400 guests arrive in white tie to support SunnyKids. We thank Mayor Mark Jamieson for his continued support as the Patron of SunnyKids.

**Sally Desch**  
President SunnyKids

As you can see it really does take a village to deliver the support, tools and environment to enable children to thrive – and our village is making a difference. I look forward to the next 12 months and supporting SunnyKids to make meaningful change in the lives of vulnerable children and families in our community.

In closing, my gratitude goes to the Board, CEO, dedicated team and volunteers of SunnyKids, whose commitment and passion for their work means we can help more children than ever before!

## 2018 Santa \$600 for SunnyKids

Over a period of 3 weeks 'Todd and Sami' from 92.7 Mix FM led the Santa \$600 for SunnyKids Christmas Campaign and as a result over \$73,000 was raised for SunnyKids, directly assisting 120 local Sunny Coast children. We truly live in a fantastic community and it shows!

Thank you to Todd and Sami from 92.7 Mix FM and the team at My Weekly Preview for your support of this Christmas Appeal.

## 2018 SunnyKids Mayoral Ball

Glitz and Glamour as we were Puttin' on the Ritz! With Sydney's, James M Millar as MC and guest entertainer over 340 guests enjoyed a black tie night out. Together with SunnyKids' Patron Mayor Mark Jamieson we brought the Sunshine Coast's finest together for the 2018 SunnyKids Mayoral Ball at Aussie World.

Thank you to everyone who attended, partnered, purchased a raffle ticket or an auction item or who made a pledge to become part of the SunnyKids Village and in raising \$76,000 to support our SunnyKids families.

## 2019 BOQ Maroochydore Celebrity Golf Classic 'Teeing up for Kids, SunnyKids'

Now in its 8th year, the 2019 BOQ Maroochydore Celebrity Golf Classic - Teeing up for Kids, SunnyKids raised just over \$50,000 for SunnyKids.

High profile sporting celebrities Robert DiPierdomenico, Richard Champion, Jack Newton OAM, Jack Reed, Michael Hancock, Paul Dyer, Ali Briginshaw and Michael O'Connor mixed with 152 golfers took to the beautiful Noosa Springs Golf Resort and Spa for a day on the green finished with a three course lunch and beverages for 160 guests with event entertainers Matt Hollywood and Dean Stewart.

BOQ Maroochydore  
2019 CELEBRITY GOLF CLASSIC  
Teeming up for Kids, SunnyKids

Thank you to our incredible community of supporters for helping us to raise much needed funds to help some of the Sunshine Coast's most vulnerable families, as they face unimaginable circumstances.

# Corporate partnership and fundraising

**SunnyKids** corporate partnerships and fundraising income resource two key areas of the organisation: Frontline Services and Business Operations.

**Corporate Planned Giving (P100)** and Corporate Sponsorships contribute to the organisation's operational costs. Community grants, Cause Marketing, General Fundraising and Child Sponsorships contribute to frontline services.

**P100** SunnyKids micro-philanthropy program are a group of invited like-

minded business people with a desire to make a difference. The monthly minimum investment of \$100 helps deliver sustainability for SunnyKids.

**Corporate Partners** make a monetary or in kind donation to the organisation which supports the business costs of running SunnyKids, and we have partners who raise funds for frontline services. As well as raising much needed funds for SunnyKids, these partnerships also assist businesses to profile their brand and demonstrate their commitments to corporate social responsibility.

**Community Grants** fund additional services, they may also support the purchase of resources, capital equipment and professional development.

**SunnyKids Local Child Sponsorship Program** provides a platform for families, workplace giving, community groups and sporting teams as well as businesses to support a child on the Sunshine Coast for \$50 a month.

# How to support

In addition to our events and appeals, there are so many ways you can support SunnyKids.

- Make a regular tax deductible donation (once off, monthly or annually)
- Attend or support one of our SunnyKids Signature Events
- Organise your own fundraising event
- Develop a corporate partnership with SunnyKids
- Become a SunnyKids Volunteer or Village Buddy
